ageLOC® Transformation

A powerful lineup of four products, ageLOC® Transformation combines the latest anti-aging science and technology from Nu Skin to create the company's most advanced anti-aging system ever, delivering unsurpassed anti-aging benefits. This comprehensive skin care system cleanses, purifies, renews, moisturizes and reveals younger looking skin in up to **eight ways beginning in just seven days**.

Benefits:

1. Youthful-looking skin
2. Smooth skin texture
3. Even skin tone
4. Reduced appearance of lines and wrinkles
5. Radiant skin
6. Reduced appearance of pore size
7. Reduced skin discoloration
8. Hydrated skin

System Products:

- **ageLOC® Gentle Cleanse & Tone** – a mild cleanser and toner gentle enough for all skin types
- **ageLOC® Future Serum** – Nu Skin's most advanced anti-aging treatment product, revealing younger-looking skin in eight ways
- **ageLOC® Radiant Day SPF 22** – a lightweight, daily use emulsion that hydrates the skin while providing broad-spectrum UVA/UVB protection
- **ageLOC® Transforming Night** – a rich hydrating cream that works with the skin's natural nighttime repair and renewal process

The Difference. Demonstrated.®

Third-party Study Results: Subjects used ageLOC® Transformation twice daily for 12 weeks:

- 100 percent of subjects showed improvements in signs of aging in only seven days as determined by a clinical grader.
- 100 percent of the subjects showed an improvement in overall appearance including fine lines, skin smoothness and radiance as determined by a clinical grader after 12 weeks of use.
