The Latest in Anti-Aging Science from Nu Skin

Nu Skin's anti-aging science targets not only the signs of aging, but also the SOURCES of aging to preserve the look of youth and reduce the appearance of aging..

ageLOC® Gentle Cleanse & Tone

ageLOC® Gentle Cleanse & Tone is a luxurious foaming cleanser that combines cleansing and toning into a single step.

Benefits:

- **Time saver:** dual-action formula to both cleanse and tone helps maintain skin's natural healthy pH
- **Purified skin:** cleanses and purifies skin, preparing the skin to receive advanced anti-aging ingredients
- **Hydrated skin:** replenishes and maintains skin's moisture, increasing healthy hydration
- **Youthful skin:** ageLOC® targets the sources of aging to preserve the look of youth and reduce the appearance of aging

ageLOC® Gentle Cleanse & Tone is formulated with mild cleansing ingredients gentle enough for all skin types. **Key Ingredients include:**

- **ageLOC® Proprietary blend:** targets the sources of aging
- **Betaine:** retains water, increasing skin hydration
- **Mild surfactants and glycerin:** cleanses the skin while maintaining the skin's natural lipid barrier and adding moisture to the skin.

The Difference. Demonstrated.

Third-party Study Results: Subjects used ageLOC® Transformation, including ageLOC® Gentle Cleanse & Tone, twice daily for 12 weeks:

- 100 percent of the subjects started showing improvements in multiple signs of aging in only seven days as determined by a clinical grader.
- 100 percent of the subjects showed an improvement in overall appearance including fine lines, skin smoothness, and radiance as determined by a clinical grader after 12 weeks of use.
