

NU SKIN INNOVATION CENTER

Nu Skin has expanded its global headquarter facilities in downtown Provo with the construction of the “Nu Skin Innovation Center.” This building project brings a majority of Nu Skin’s corporate employees together in a unique campus setting that fosters an innovative work environment and contributes to the revitalization of downtown Provo.

The Nu Skin Innovation Center will house Nu Skin’s world-class research and development laboratory, network operations center, modern meeting space, distributor recognition areas, retail space and a café, as well as open green space on the campus.

BUILDING FACTS

- Nu Skin invested more than **\$100 million** in downtown Provo with its expansion project.
- The building adds more than **168,000 square feet** for a total of more than 300,000 square feet when combined with the existing high rise building.
 - The Nu Skin Center for Anti-Aging Research totals 22,000 square feet for research and development space.
 - 70,000 testing procedures conducted in Nu Skin science labs each year
 - Total square footage of atrium connecting the existing and new structures is **18,000 square feet**
 - 26 tons of Virginia Mist stone used for the atrium
 - 256 servers in the data center at opening
 - The Nu Skin campus expands to **10 acres**, with at least **2.5 acres of green space**
 - The building will be **USGBC LEED Silver** certified for environmentally friendly building practices – looking to secure Gold Certification next year
 - Corporate fitness center has more than **4,000 square feet** of cardio and strength-training equipment
- The expanded downtown campus will house about **900 employees**
- Nu Skin retained the architectural firm **Bohlin Cywinski Jackson** based in Seattle for the Innovation Center project **Okland Construction** in Salt Lake City was the contractor for the building project.

PROJECT TIMELINE

- May 4, 2011: Demolition
- July 18, 2011: Groundbreaking
- October 23, 2013: Ground Opening of Innovation Center
- Summer 2014: Opening of another campus building
